

## Management Competencies Wheel

**Directions:** This wheel contains eight sections that, together, represent a constellation of management competencies. This exercise measures your level of satisfaction in these areas on the day you work through the exercise. Taking the center of the wheel as 0 and the outer edge as an ideal 10, rank your level of satisfaction with each area by drawing a straight or curved line to create a new outer edge (see example). The new perimeter of the circle represents the Management Competencies Wheel. How bumpy would the ride be if this were a real wheel? Let's start to look at areas where you want to improve your level of satisfaction and think about what you might do to accomplish that.
